Don't take our word for it, take theirs...

We had the perfect day at High Paradise, they went above and beyond to make sure everything ran smoothly on the day. From little touches like cocktails to the tractor ride, to the marquee for the guests, everything was well thought out so that we could enjoy our day. High recommend!

Ben and Meg Rowe

It was the perfect setting from day to night watching the views and weather change from the top of the world was pure magic! Ginny and her team were seamless, we didn't need to think about a thing! We want to do it over and over again- and wouldn't change the venue for anything

Bex and Toby Roberts

Our wedding at HPF was everything we could have wished for and more. The amazing Ginny wasn't phased when we wanted to turn our wedding around in 3 months, no request was too much and she went above and beyond for us.

We had so many lovely comments from our guests who thought the location, food, drink and party atmosphere were second to none!

I would highly recommend a wedding here and we are already thinking of throwing a 40th here in the next few years!

Nicola and Liam Coyne

We were allowed to let loose and create our wedding vision, and as a result, the venue looked even more fantastic than I could ever have imagined! On the day, the food was delicious, the atmosphere was brilliant, and I have received many compliments from the wedding guests enthusing how great and happy the day was and how much fun they had. If you are wanting a wedding that isn't dull, restrictive, mainstream or boring, then you should definitely opt for High Paradise Farm! Plus, there are dogs, geese and chickens running around!
